- Fantastic food!
- Educational Programs.
- DXCC QSL card checking.
- Door Prizes.
- ... and much more...

Photos from the 2009 Rochester Hamfest are on page two.

Amateur Radio Kid's Day Saturday June 19 1:00-7:00

Kids will once again have the opportunity talk on the ham radios at THE BRIDGE.

We need hams experienced in HF to join us for all or part of the day. The contagious enthusiasm for amateur radio is sure to catch on for some future licensees.

Stop by and witness first hand potential future ham radio operators on the air.

Exhaustive list of disaster related web sites.

SCANNER NEWS – NOAA Weather Radio S.A.M.E. Alerts

Tornadoes, flash floods, severe thunderstorms, blizzards, and hurricanes are examples of severe weather that can impact our lives and our property. We now have the ultimate in advance alerting capability complements of weather radio.

Alerts are also issued for non-weather emergencies such as chemical or oil spills, 911 telephone outages, and Amber Alert or CAE Child Abduction Emergencies.

Personalized weather and non-weather warnings and watches are now available to citizens of the US, including adjacent coastal waters, Puerto Rico, the U.S. Virgin Islands, and the U.S. Pacific Territories and Canada. Warning receivers can be tailored to the listener's area and needs.

NOAA Weather Radio
http://www.nws.noaa.gov/nwr/
