Meet the Candidates

Brandon 14

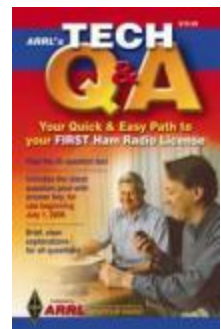

Barbara 10

Deonte 13

Ziby 11

Four kids and teens from THE BRIDGE After School program in Mount Morris NY will be taking their Technician class amateur radio exam after a day of review on November 8.

The class and exam will be sponsored by the Genesee Valley Amateur Radio Association. The location is the Veteran's Hall in East Avon NY. Students will be using ARRL's Tech Q and A book.

KC2RHY presented at the October 2 RARA meeting

The enthusiasm the RARA members expressed for our four upcoming hams was very heartwarming. One member sponsored the fourth kid for the November 8 class and another donated a 2 meter handheld.

WEBSITES OF THE MONTH Micro Hams

Technician class amateur radio exam questions and answers.

Ham Test Online

<http://www.hamtestonline.com/>

Log on today to begin studying for your Technician class license. Then sign up for the practice tests and watch your score get better and better. Soon you will be on the air.

SCANNER NEWS

Word has it that Monroe County law enforcement will switch from analog to P25 digital by the end of 2009.

A digital scanner will be needed to monitor police calls from Monroe County. New York Police is expected to make the switch in the next couple of years.

The frequencies for Monroe County and New York State Police will remain the same.
